BAY ST. LOUIS, MISS., FRIDAY, OCTOBER 3, 1947

VOL. 56 — No. 40

Observations... From Around Town

(BY JAY WHOZIT)

Since the recent disastrous hurricane Bay St. Louis has taken on the semblance of a boom town with telephone and power line crews from several states working round the clock to restore service and railroad crews busily engaged repairing the wrecked bridge spans and others salvaging the bridge timbers torn away by the storm. . . the storm itself may have done a good job of underlining our road beds, unroofing homes and business houses, while destroying many others but it has failed by far to undermine the spirit of our people, who exemplify this spirit as they go about the grim task of salvaging what they can from the wreckage, and with their plans for a brighter future, to rebuild a bigger and better and more beautiful city. . . the Bay Garment Corporation will reopen its established here on Second Street, on Monday, October 6th, and is sending notices of same to all of its former employees and others who may be interested. This business is an asset to our town and should have the support of its people 100%. . . Mr. Mayor and Commissioners you have done a good job of cleaning the storm debris and reestablishing the gas and water lines, but the garbage has not been collected since the storm, and as a result, in some parts of town, decayed garbage is strewn along the sidewalks and in the streets. . . wouldn't it be better to forget about the leaves and tree branches for a few days and pick up the garbage? . . . after all there are more disease germs in a handful of decayed garbage than there are in a truck load of tree branches, and since our local Health Department is working so hard to prevent possible spread of disease and epidemics, may we suggest that you try and clean up the garbage situation. . . the Mississippi State Fair will be held in Jackson, on October 8th through 11th. . . Brother Peter announces that the Stanislaus Rock-A-Chows will resume football practice on Monday, and that they will carry on with their schedule as planned except for the first two games which had to be called off. . . J. Fritz Thompson, National Red Cross Director of relief in Mississippi, announced on Wednesday that an estimated 2000 families who suffered loss in the recent hurricane have reported their needs to the American Red Cross, of this number approximately 302 were from Hancock County. . . Highway 90, between here and New Orleans, has been cleared and is now open to the public. . . Bay St. Louis' two theaters have reopened, and their programs for the coming week may be found elsewhere in this issue. . . the Shrine of Our Lady of the Woods, in the rear of St. Joseph Academy, has stood through every storm that has hit this area for the past hundred year and still stands unharmed. . . the Bay High Tiger Football team will play Lumberton there this Friday night. . . "Doc" Dickson of the Dickson Drug Co. has announced that he will be temporarily located in the Ramsey Building on the beach giving full prescription service to his customers, until such time as he can rebuild his place of business. . . Kergosien Bros., are carrying on their furniture business from their warehouse on Court Street. . . the ice cream parlor in Waveland was the only building left standing within the first 500 yards of Coleman Avenue from the beach after the storm.

WEDDING OF INTEREST

A wedding of charm and beauty was that of Miss Audrey Lee Biehl, and Mr. Kearney Carr which was solemnized at Our Lady of the Gulf church on Monday, September 22 at 4 p. m. with Rt. Rev. Monsignor A. J. Gmelch officiating. This wedding of interest to many in New Orleans, La., McComb, Miss., and on the coast was to have taken place on Saturday, September 20th but due to the ravaging of the hurricane had to be postponed. The bride given in marriage by her father, Mr. Albert Biehl, Sr., wore a powder blue crepe robe dress, trimmed with matching lace. Her accessories were of Navy blue, a pearl necklace and pearl ear rings, her only jewelry. With chance of getting flowers for the wedding almost impossible, Mrs. Carr and family extend sincere appreciation to Mrs. John Damborino, who found a lovely blue hydrangea, unharmed in her garden and artistically made a lovely shoulder corsage by adding some fern and gold ribbon. Mrs. Carr is the second daughter of Mr. and Mrs. Albert Biehl, Sr. She is a graduate of Bay St. Louis high school, after which she completed the Cadet Nurses Course at Hotel Dieu and is an efficient registered nurse. Miss Helen Biehl, sister of the bride, was maid of honor. Mr. Kearney Carr is the son of Mr. and Mrs. W. T. Carr of McComb. He had as his best man his brother, Joseph Carr. The young couple left immediately after the marriage ceremony for McComb and after a short stay they will return to New Orleans where they will be at home to their many friends.

DISASTER RELIEF PROGRAM HANCOCK COUNTY AREA

Great progress has been made by the people of Hancock County in the big job of rehabilitation according to a statement made by Roger Boh, Chairman of the Hancock County Chapter of the American Red Cross. Everyone has worked tirelessly to dry out and clean up his household furnishings as well as patch up his buildings and pick up debris. The spirit has been magnificent, he said, and in every case families are doing what they can, to help themselves. A great many families, however, have taken stock of their losses and found that they are unable to rehabilitate themselves without undue hardship and have therefore turned to the Red Cross for assistance. So far Mr. Boh said, 364 families in Hancock County have applied to Red Cross for assistance in meeting their needs and many more are expected to do so. Although the registration will remain open for several weeks more, it will help, Mr. Boh said, if families will discuss their plans with the Red Cross now rather than to delay application.

The Disaster Relief Unit operating at 131 Carroll Avenue, now numbers eleven experienced disaster workers, several of whom have come to Bay St. Louis direct from other recent disasters. Added to the staff since last week are: Mrs. Maryjane Crane, of Ortonville, Minnesota; Miss Mary Bains of Oneonta, Alabama; Miss Agnes North of Salt Lick, Kentucky; and Miss Reta Clark of Mast Road Grasmere, New Hampshire.

The emergency phase of the disaster being over, the emphasis is away from food, clothing and medical aid and directed toward replacement of furniture and household furnishings, repair and rebuilding of homes, replacement of livestock, tools and equipment. People should realize, Mr. Boh continued, that Red Cross aid is given on the basis of need rather than loss. Red Cross is not an insurance company, nor is it "Santa Claus." It is, however, an expression of the generosity of the American people. The disaster workers must therefore be fair to the donors as well as to the beneficiaries.

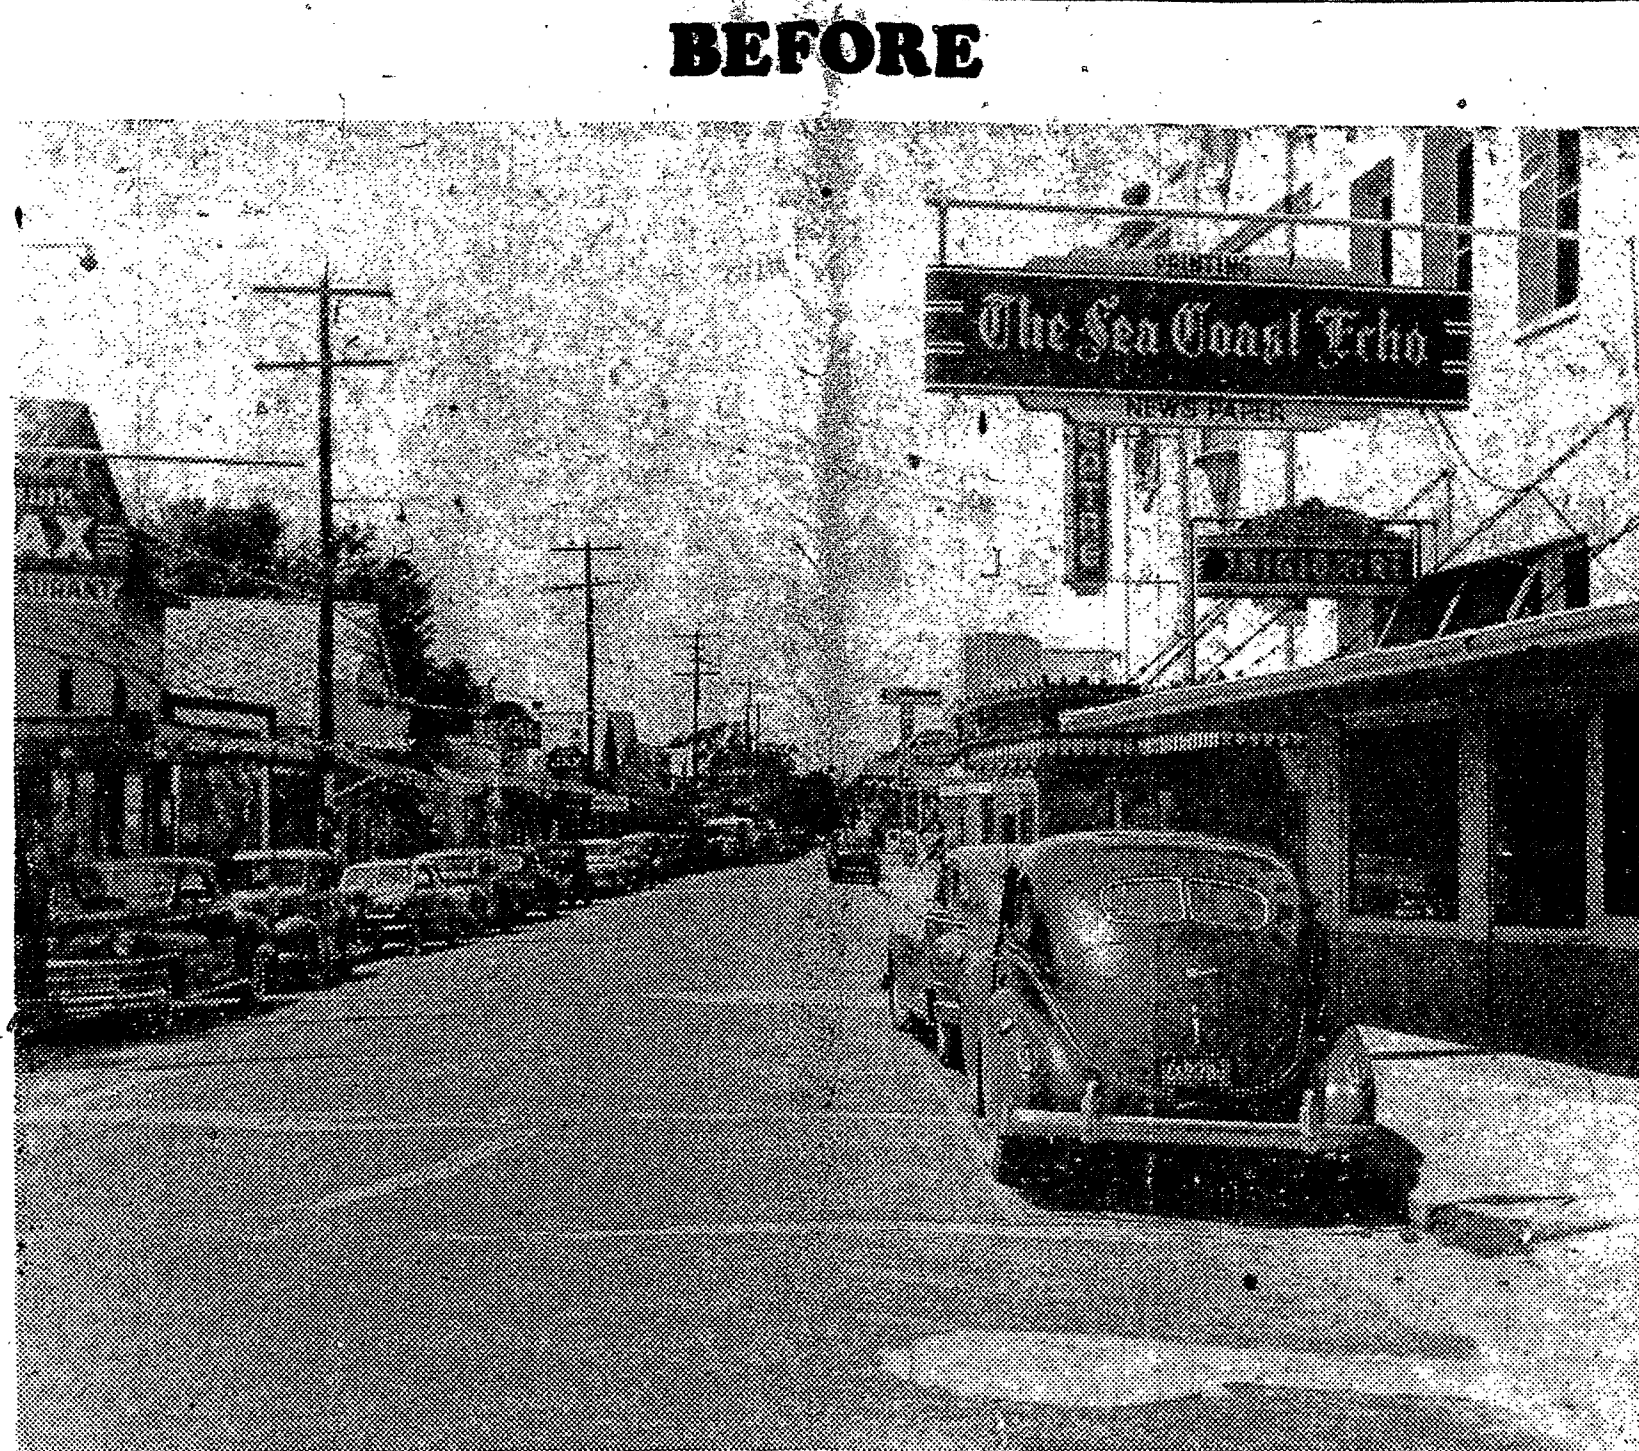

Each family case will be given a thorough study and those instances where the need is greater than the family can meet, an award will be made accordingly. On making these awards the Red Cross Disaster Unit will be assisted by an Advisory Committee composed of nine men and women representing all parts of Hancock County. Mr. Boh stressed the point that the Red Cross personnel will be well distributed throughout the County so that those families located some distance from Bay St. Louis will not be at a disadvantage. Good coverage is being given in the Waveland, Lake Shore and Clermont Harbor areas. As an example of the cooperation extended to Red Cross in this important work, Mr. Boh described how 75 tents, 300 cots, and 600 blankets had been flown to Bay St. Louis from the Marietta Army Air Base, Atlanta, Georgia for the use of Hancock County families who are without shelter during the rebuilding of their homes. As an additional stimulus to recovery from the effects of the storm Mr. Boh called attention to the fact that wherever possible, materials and furnishings given to families will be purchased at retail prices through local stores with each family being given the privilege of selecting his own merchant. Business men who desire more information about the business policies of the Red Cross are invited to discuss them with the staff on Carroll Avenue.

ST. STANISLAUS WILL RESUME CLASSES TUESDAY MORNING OCTOBER 7TH.

Brother Peter, has announced the re-opening of St. Stanislaus and that classes will be resumed on Tuesday morning at the usual time. The boarders have been requested to return to school not later than Monday afternoon, October 6th. Chicago, that only twelve school days were lost, Brother Peter, stated that he was confident that this could be made up and that no boy would suffer scholastically. Transportation was the only problem that faced them at this time, and he requested the boys that could return in private cars to do so, and for those who could not, Stanislaus busses would be provided. He stated that he would certainly cooperate in any effort made to solve the problem of the boys living on the Coast and who were in attendance at the school, and who came by bus. Brother Linn will be in New Orleans on Sunday afternoon, October 5th, from two to six P. M. and can be contacted at Saint Aloysius High School, Rampart and Esplanade. Football practice is to start at once and the game scheduled with McGill High School of Mobile will be played there on October 10th.

TERRACING SCHOOL TO BE HELD

C. C. Stone, County Farm Agent for Hancock County, announces a three-day terracing school to be held in the Sellers Community on October 7, 8 and 9. Mr. Stone will be assisted by J. T. Copeland, state extension agriculture engineer from State College. Any farmers in Hancock County may attend this school and those making a passing grade will be awarded a certificate which will qualify him to do contract terracing work.

MAYOR AND COMMISSION COUNCIL ISSUE STATEMENT

Machinery Being Made Available By War Assets Administration

The Mayor and Commission Council have issued the following statement regarding their actions in obtaining assistance to rehabilitate the damages to the City and the public property therein. "In order that the people of Bay St. Louis might be brought up to date and made cognizant of the facts that have transpired and developed toward obtaining assistance to rehabilitate the damages of the community and the public property therein, we wish to advise that immediately after the hurricane had subsided and all emergencies had been taken care of, gas and water restored, we contacted the necessary parties to obtain Federal aid; all applications for obtaining same have been filed and are now awaiting action by the proper Governmental Agencies. We have been advised that to obtain the facilities of the Army engineers that the Governor of the State should be contacted and the request come through his office. Pursuant to this information the Governor was called and our request transmitted to him. While unable to speak to the Governor we have definite assurance from his secretary that everything within his power would be done to assist us along these lines. Confirming our telephone conversation a telegram was mailed to the Governor outlining our request. We have from time to time, or it might be said, regularly, met with representatives of various Governmental Agencies, including the Federal Works Admin., the War Assets Administration, the United States Public Health Service, the American Red Cross, and all other agencies that could be of any assistance to the city or its citizens. Pursuant to the efforts on our part there has already been made available to the City authorities certain machinery held by the War Assets Administration. It is expected that in the near future, and from time to time, the other materials requested by us, and the aid requested will be coming in due course. We wish you to rest assured that

BEAM GROCERY STORE SOLD TO GRANGER AND TOUPS

Will Be Re-Opened For Business on Saturday, Oct. 4th As G & T Food Store

Messrs. J. H. Granger and Curtis Touns of Erath, La., have purchased the Charles Beam Grocery, at the corner of Main and St. Francis St. The deal was closed some time ago, and the place of business has been closed, while undergoing some changes. The business will be operated as the G & T Food Store, and will be reopened for business on Saturday, October 4th, 1947.

These gentlemen have much experience in the grocery business. Mr. Granger having owned and operated a general merchandise business in Erath for twenty-five years. Mr. Touns will be the manager of the G & T Store.

COAST ELECTRIC POWER LINES BACK IN SERVICE

C. C. Ferrell, manager local office of REA reports that all lines of subscribers who have been without lights since the hurricane have been furnished lights. Mr. Ferrell said that 925 miles of lines have been restored and the main lines in Bay St. Louis and Pearlport were back in service at 6 p. m. on Saturday, September 20. He expressed his appreciation of the full cooperation of all REA's in Mississippi and said that E. J. Neely, REA manager from Hollandale and H. L. Pickering, manager at Taylorsville came to the coast to render assistance if needed. Ten line crews, four of them from other cooperatives, in the state, were at work as soon as they could be rushed to the scene of the storm. We are doing everything possible for the welfare of the community and the City itself and want you to feel at liberty to offer any suggestions for a constructive and better Bay St. Louis.

We will, from time to time, keep you advised of developments. G. Y. Blaize, Mayor. W. L. Bourgeois, Commissioner. H. Grady Perkins, Commissioner.

ELECTRIC SERVICE RESTORED IN MOST HOMES

The Mississippi Power Company announces through Homer Gregory, local service manager for Hancock County, that service has been restored in every habitable home in Bay St. Louis, Waveland and Clermont Harbor and that all rural lines have been restored. Mr. Gregory marshalled forces from Alabama, Jackson, Laurel and Hattiesburg in order that work might be rushed with all possible speed and within 24 hours electricity was being furnished the Kings Daughters Hospital, Bay High school where the Red Cross had set up canteen service and where the National Guards and some refugees were housed, Hotel Reed where radio and telegraph service was installed and the Bay Ice Company with its quick freeze equipment.

Sleep was not in the lexicon of the Mississippi Power Company men but courtesy was and complaints and requests were given courteous, personal attention. An Acknowledgment All the pictures of the storm damage appearing in this issue were taken by Tony Scaffie and Sergeant A. G. Favre, Jr., U. S. Army Recruiting Service, Birmingham, Alabama, who had been granted a leave by his commanding officer in order to come to Bay St. Louis following the storm. Mr. Scaffie has reprints of all of these pictures in album form for sale to those who may be interested.

Kings Daughters Circle

There will be an important meeting of the Kings Daughters circle on Monday, October 6, at 4 p. m. at the Hospital. It is urged that all members be present. Girl Scout Troop to Meet Girl Scout Troop No. 1, sponsored by the Methodist church will meet on Monday, October 6 at 3:30 p. m. in the church school annex. This is the opening of the winter schedule of meetings and scouts are asked to remember the day, Monday, time, 3:30 and the place Scout headquarters in the church school annex and always be in attendance.

BAY GARMENT CO. To RE-OPEN PLANT ON OCTOBER 6TH.

The Bay Garment Company will re-open its plant at Bay St. Louis, on Monday, October 6th, 1947.

All employees and former employees and others interested in securing steady work are invited to attend a mass meeting at the Company's office at 112 South Second Street, in Bay St. Louis, on Saturday, October 4th, at 10 o'clock A. M. At this time plans will be revealed and discussed for the opening and future operating plans. Applications for employment will also be accepted at this meeting.

Listed below are the starting dates of each operation at the plant.

Front Making Department—Monday, October 6th.
Pocket Making Department—Monday, October 6th.
Back Making Department—Monday, October 6th.
Sleeve Making Department—Monday, October 6th.
Collar Making Department—Monday, October 6th.
Cuff Making Department—Monday, October 6th.
Pocket Setting Department—Tuesday, October 7th.
Assembly Line Department—Wednesday, October 8th.
Pressing Department—Thursday, October 9th.

Five Truck Units To Be Shipped Ben Hille Motors To Arrive Not Later Than October 6th.

The Ben Hille Motors, distributors of General Motors Trucks are in receipt of advice that the company is forwarding to them five trucks for delivery to all parts of the county of the damage caused by the storm.

The units to be sent are three, three-quarter ton pickups and two, one and one-half ton trucks.

The Zone Manager in advising Mr. Hille that these trucks were being sent to his firm, stated that it has never been the policy of the company to ask dealers to deliver trucks to specific people, but that in this particular case, they were asking that trucks be delivered to truck operators in this vicinity who had suffered material loss in the storm or who had their truck equipment demolished or impaired.

He stated further that the trucks would not be charged against, but were being shipped over and above the Hille Motors allocation. These units should reach Bay St. Louis not later than Monday, October 6th.

Bay St. Louis Water Free From Contamination

The water in the City of Bay St. Louis is fit for human consumption and is free from all contamination, according to a bulletin issued by the Mississippi State Board of Health, and the United States Public Health Service District Office at New Orleans. During the time that constant chlorination of the water system was being made for a nine day period, samples were taken from all areas for analysis by the State Board of Health and U. S. Public Health Service.

Chlorination of the water, changes the taste a bit, however it is not injurious to persons, and we are advised by the City authorities that it was discontinued 3 P. M. on Tuesday, September 30th.

In order to rebuild within this area, the ordinance requires the erec-

The following is a notice from the

Mayor and Commission Council requesting a study of Ordinance Twelve of the City of Bay St. Louis, relating to fire limits and the construction, equipment and maintenance of buildings within the limits of the City of Bay St. Louis, and which ordinance deals principally with buildings in the area on the Beach Front from State to Union St.

The Board of Mayor and Commissioners of Bay St. Louis wish to take advantage of this opportunity to call your attention to Ordinance No. 12, providing for fire limits and the construction, equipment and maintenance of buildings within the City of Bay St. Louis. This ordinance deals principally with the construction of buildings facing Front Street, on both sides and it is provided therein in the type of structures that can be built or repaired. Also, it is further provided that a permit be obtained until a comprehensive plan as provided for in said ordinance shall have been submitted to the council for the repairing, enlarging, or altering said buildings, and in addition to the other penalties provided for in said fire limits, it further provided "structures hereafter erected WITHOUT PERMIT or not in conformity with this ordinance shall be removed."

The provisions above quoted, from Ordinance No. 12, are given for the purpose of advising those persons who contemplate repairing or rebuilding their buildings destroyed, or partially destroyed by the hurricane, or the effects thereof and in advance of any expenditure on their part for construction that does not come within the provisions of the ordinance, and will have to be removed unless full compliance with the ordinance has been made.

We wish further to bring to the attention of those parties interested in re-building, or repairing, or rebuilding or building upon the beach front that it is contemplated by the Board of Mayor and Commissioners that in the near future aid will be available to the City for the purpose of condemning all buildings facing front street from the east side, and thereafter no buildings will be permitted thereon. A comprehensive plan to accomplish this purpose is now in progress and a survey is being made as to the feasibility of condemnation proceedings and those interested parties are hereby requested to refrain from building, rebuilding or repairing their property on the locations herein above referred to until such time as said survey shall have been completed and given study by the council.

The public will be notified in due time by the Board of Mayor and Commissioners of the survey above referred to.

G. Y. BLAIZE

Mayor.

W. L. BOURGEOIS,

Commissioner.

H. GRADY PERKINS,

Commissioner.

In addition to the articles mentioned in the notice issued by the Mayor and Commissioners, Section 5 of Ordinance 12 reads as follows: Repairing frame buildings within fire limits: Any existing frame building within the fire limits, which may hereafter be damaged by fire, decay, or otherwise to an amount greater than one-half of its present value, exclusive of the foundation, shall not be repaired or rebuilt but shall be removed.

In order to rebuild within this area, the ordinance requires the erec-

A CARD OF THANKS

As all of you know, a hurricane unprecedented in the history of the Town of Waveland, struck Sept. 19th, 1947. While we all had warning that the hurricane would strike, none anticipated that it would strike with such fury and result in such damage; however I am happy and proud to say that the people of Waveland worked as a team during the emergency following the hurricane, and the assistance rendered by all made it possible for us to bear our suffering with a minimum of hardship.

With the fine spirit of cooperation that was shown during the emergency, Waveland, in my opinion, will in short order rehabilitate itself and go forward, and with this thought I look into the future with a spirit of confidence that Waveland will continue the progress that it has made in recent years.

To all who assisted us I wish to take advantage of this opportunity to express my deep appreciation and gratitude for the fine manner in which they came to us in our troubles.

GADFIELD LADNER, Mayor.

THE BEACH FRONT IN THE BUSINESS SECTION

The people of Bay St. Louis have done a great job of clearing up the mass of debris that was strewn throughout the City following the recent hurricane. The Mayor and Commissioners are to be congratulated for the splendid work that was done on the gas and water lines. The Officials and workmen of the Mississippi Power Company and the Southern Bell Telephone and Telegraph Company are due much consideration for the job that they have done in rehabilitating the power and telephone lines. All in all there was a real spirit of cooperation and a job has been well done.

There is yet a whole lot confronting us. Our beach boulevard must be rebuilt, from St. Charles Street to the highway bridge, and must be repaired in other sections. As to whether we will receive aid from the Federal Government remains to be seen. The Mayor and Commissioners have been in touch with the Federal Works Administration with the hope of having a comprehensive survey of the damage made and with a view of ascertaining the actual costs of replacing our damaged streets and utilities.

We have many problems confronting us at this time, and of course it is pretty hard to talk "cold turkey" at a time when people have suffered a great loss of property, nevertheless one of the most serious problems confronting us at this time is whether or not the business section on the East side of the Beach Boulevard should be rebuilt. We have contended all along that building on the east side of the street should be prohibited, and this situation must either be taken care of at this time or be forgotten, never to be remedied.

The Mayor and Commission Council realizing the necessity of removing all of the buildings facing Front Street from the east side, having issued a public notice calling the attention of the property owners to Ordinance 12 of the City of Bay St. Louis, which provides for fire limits and for the construction and maintenance of buildings within this area. They further state in their notice that in the near future aid may be available to the City for the purpose of condemning all buildings facing Front Street from the East side, and thereafter no buildings will be permitted thereon. That a comprehensive plan to accomplish this purpose is now in progress, and that a survey is being made as to the feasibility of condemnation proceedings, and have asked the owners to refrain from building, rebuilding or repairing their property on the locations on Front Street until such time as such survey may have been completed.

We think the action of the Mayor and Commission Council is indeed wise, and certainly it will some day redound to the benefit of the people who own this property, for we know not, how soon we may again have another hurricane, of even greater proportions, which may completely destroy all of this area. And again their actions if carried to a conclusion will be of civic benefit, for our beach and the people that it brings to our midst, have been our lifeline for many years, and certainly the removal of these buildings will be a great improvement.

We certainly hope that the property owners in this section will cooperate with the City Council and will refrain from building or repairing for the time being, and that some sound plan may be worked out to the benefit of all concerned.

LICENSE TAGS TO GO ON SALE OCT. 1ST.

Sheriff John A. Egloff wishes to advise all Automobile and Truck Owners that License Tags will go on sale at the Sheriff's Office October 1st. He asks that they be secured early to avoid the last minute rush. Damages will go on beginning November 1st.

Peter Sick Has Trying Experience

Among many who were buffeted about by wind and water was Peter Sick who spent the hurricane season on the high seas alone as far as human companionship was concerned.

Mr. Sick left Bay St. Louis on Monday September 15 in his 30-foot gasoline launch the Mary L bound for Cat Island for fishing. He had landed 20 flounders and iced them down in his refrigerator when the storm struck that part of Cat Island early Thursday morning. The anchor gave way at 6:30 a. m. and Peter and his boat began to drift as he found the boat unmanageable against the increasing winds.

The first idea of where he was, Mr. Sick said, was at about 1 p. m. when his boat struck the Rigolets railroad bridge and tore off the cabin. Here is where he jumped overboard, Mr. Sick said, because I figured she would sink and I didn't want to sink with her. But my boat waited for me, he said and I held onto her for an hour until I landed on Highway 90 near the Rigolets traffic bridge about five miles from the railroad bridge with the water steadily rising.

From here Mr. Sick took to a land route and walked to the West Pearl River near the White Kitchen where the bridge tender there fed him and allowed him to sleep in his truck.

He said he awakened at what he thought was midnight and knowing the locality he trekked across the marshes and arrived all in one piece at Maskew's Service Station on Highway 90 about 12 miles west of Bay St. Louis.

Mr. Maskew sent him to Bay St. Louis in a truck. He arrived home between 8 and 9 a. m. Saturday, September 20. On Sunday morning he and his brother went to the marsh where the boat was, and brought the catch of fish, in which were still good, and which were enjoyed by many of his friends.

Mr. and Mrs. Joseph J. Rupp Lose Son

Mr. and Mrs. Joseph J. Rupp of this city are receiving the sympathy of their friends in the recent death of their son Joseph John Rupp, Jr., 33 years old, who died on Thursday, September 28, at the Foundation Hospital, New Orleans, following an illness which from the first was deemed fatal.

Besides his parents Mr. Rupp leaves his wife the former Miss Ethel Klotz, two sons Joseph John III and Leonard L. Rupp; a brother Elmer Earl Rupp and a sister, Mrs. H. G. McAdoo, all of New Orleans.

His funeral was held in New Orleans on Friday, September 28 with religious services at St. Matthew Evangelical Lutheran Church. Interment was in Hope Mausoleum.

MARRIAGE OF INTEREST

The following social item is of interest. "Mr. and Mrs. Sigmund Katz of Covington La., announce the marriage of the former's sister Mrs. Adeline Knoblock, to Dr. Ernest Charles Samuels of New Orleans, which was quietly celebrated Friday afternoon in New Orleans.

Railroad Timbers Destroyed By Fire

Fire was discovered by one of the Sisters at 2 a. m. on Sunday morning in the railroad timbers which had piled up on the beach in front of St. Joseph Academy, who immediately called Mr. E. J. Arceneaux, Sr., at his home adjoining the convent. Mr. Arceneaux called the fire department and the night policeman "Son" Capdepon and then he and Father Desmond went to the scene and worked untiringly but found it almost impossible to get the fire under control. Mother Blanche went to St. Stanislaus and aroused the Brothers and they came on the scene. At about 5:45 some of the Railroad men had either discovered the fire or had been informed, but they took over and the fire was finally extinguished. Mr. Arceneaux said there was only one man on the truck as the public understands no force or organization was back to normal at this time. Too, Mr. Arceneaux said the fire truck could not make quick transit because of

blocked streets. George Hoffman was also one of the helpers for he was in close proximity at his home.

On Monday evening at a little after 8 o'clock a similar fire was discovered in front of the John A. Green home between Bookter and Sycamore streets and the fire company extinguished this in an hour's time. A guard said he had passed there a few minutes before the fire was discovered and saw no evidence of fire but later extinguished several minor blazes in front of "Ortie's" Theater.

Origin of the fires is not known but it is thought by some that they may have caught from the ashes dropping from the acetylene torches used in burning the bolts out of the timbers. The ashes may have settled on the sand and debris and ignited the timbers, it was said.

Everybody is asking...

"Why can't I get more Budweiser?"

The fact is that Anheuser-Busch is making more BUDWEISER than ever before—but more people are asking for it than ever before.

Time and again we have built the world's largest brewery bigger. Now we are in the midst of the biggest expansion of all. It will make many more millions of bottles of BUDWEISER available.

Meanwhile we are distributing our tremendous output on a fair-share basis to all.

It seems that people no longer ask for beer—they ask for Budweiser

ANHEUSER-BUSCH...ST. LOUIS

Shrine of Our Lady of The Woods Still Unharmed After Hurricane

Once more the little Shrine of Our Lady of the Woods at St. Joseph Academy in Bay St. Louis withstood the ravaging of the elements. On Friday, September 19th, when the hurricane, which struck the Gulf Coast, uprooted huge trees, blew away parts of the dome under which Our Lady stands, yet the little statue (which is made of plaster of Paris) was unharmed.

The Shrine of Our Lady of the Woods was erected by Rev. Father Stanislaus Buteux, a French Priest, who came to Bay St. Louis in 1847. Some years later he returned to France and after a short stay, the good priest returned to his beloved Mission in Shieldsboro, now known as Bay St. Louis.

Enroute, a violent storm arose, the vessel sprang a leak, and the mast and sail had blown away, destruc-

tion to all seemed inevitable. Father Buteux knelt, invoked the protection of the Blessed Virgin and promised, if their lives were spared he would erect a shrine in her honor. A miracle was performed and the vessel with all aboard entered safely into port.

A few months later a statue arrived from France and Father Buteux with his parishioners, the Sisters of St. Joseph, Brothers of the Sacred Heart, went in procession to the rear of the St. Joseph Academy grounds, then a wilderness. Here he placed the statue on the trunk of a tree felled for that purpose. Soon the Sisters aided by a few ladies, built a wooden pedestal and began to plant the lovely avenue of cedars that now lead to the Shrine.

Some years afterwards, a gentleman involved in serious difficulties solemnly promised to "Our Lady of the Woods" that if she would help him in his great need, he would erect a suitable shrine in her hon-

The Louisville and Nashville Railroad Bridge at about 1000 feet from the shore line.

or. The grace was obtained and the present shrine was erected. The woods have almost disappeared, but the little statue stands pure and immaculate in a leafy bower.

That the original statue has withstood the force of the elements for nearly one hundred years is almost a miracle. More than once the Sisters have thought it destroyed, buried beneath the debris of storms, but it has never been injured. This is all the more wonderful, as the statue is made of plaster of Paris with no other protection from the elements save a tiny dome overhead. And again after the hurricane although the dome was partly destroyed and the little statue receiving full benefit of the rain and winds it is still unharmed.

W. B. A. To Hold Meeting October 6th

The regular monthly meeting of the W. B. A. will be held at the home of Mrs. Nellie Nelson, 205 Uman avenue on Monday, October 6th, at 8 p. m.

Because of the hurricane, important business must be discussed and all members are urged to attend.

S. J. A. Parents' Club To Meet October 7th

On Tuesday October 7th, the St. Joseph Academy Parents' Club will hold its regular meeting at 3:15 p. m. in the academy library. All members and friends interested are invited to attend.

25TH WEDDING ANNIVERSARY

On September 18th, Mr. and Mrs. Horace Kergosien were at home to a large number of friends on the occasion of their twenty-fifth wedding anniversary and approximately 100 called between the hours of 7 and 9.

The home was beautifully decorated throughout in white gladioli and tube roses and on the tea table was the three tiered wedding cake which "Mat" and Horace cut.

This popular yet young couple received messages, gifts and flowers from all guests and from some who were prevented from being present, even though the hostesses had not announced that it was their anniversary.

Congratulations are extended to Mr. and Mrs. Kergosien and it is the wish of their friends that they will be together on their golden wedding day.

MOVE TO GALVESTON, TEXAS.

Mr. and Mrs. R. D. Robbins left Bay St. Louis with their son Ellis Robbins and are now at his home at 3912 Avenue Q, Galveston, Texas.

The Robbins not only lost their home in the recent hurricane but the part of furniture that did not float away was ruined and the house was completely demolished together with a lot of their clothing, bed clothing and household linens. They spent most of the storm in their garret but were unable to salvage much of anything.

Tigers To Meet Lumberton

The Bay High Tigers have reorganized after the hurricane and Coach Ellis Guillory is keeping them out for extra practice sessions this week, getting ready for the game with Lumberton.

The game scheduled with Pascagoula here last week was cancelled.

CHANCERY SUMMONS

THE STATE OF MISSISSIPPI
To: "The Heirs at Law of Frank L. Gelbke, Deceased."

You are summoned to appear before the Chancery Court of the County of Hancock in said State on the First Monday of November, 1947, to answer the Suit No. 5352 in said court of Mrs. Angeline Picone Gelbke Lusher; wherein you are defendant, being a suit by the said Mrs. Angeline Picone Gelbke Lusher to have herself recognized and decreed to be the sole and only surviving heir at law of Frank L. Gelbke, Deceased, and as such placed in possession of his estate.

This 11th day of September, A. D. 1947.
(SEAL) A. G. FAVRE, Clerk.

CHANCERY SUMMONS

THE STATE OF MISSISSIPPI

To Joseph Nester Bourgeois
You are summoned to appear before the Chancery Court of the County of Hancock, in said State, on the First Monday of November, A. D. 1947, to defend the Suit No. 5356 in said Court of Georgina Carver Bourgeois, wherein you are a Defendant.

This 15th day of September, A. D. 1947.
(SEAL) A. G. FAVRE, Clerk.

but the boys expect to take right up and show the fans of Lumberton a thing or two.

The Tigers leave Friday afternoon for the night game.

All bids must be filed with the City Clerk of the said City on or before the 6th day of OCTOBER, 1947, at ten o'clock A. M.

The Commission Council reserves the right to reject any and all bids, waive all formalities and award contract to the best interest of said city.

By Order of the Commission Council, this the 2nd day of September, A. D. 1947.

H. GRADY PERKINS
City Clerk, City of Bay Saint Louis.
9/5/47.

ZEPHYR VENTILATING AWNINGS

Cool your home up to 12° on hot summer days. Zephyr's patented ventilating feature sets up a forced draft circulation that pulls out the warm air normally trapped along room ceilings. Light and air are softly filtered through overlapping layers of non-conducting wood... heat and glare are reflected.

Custom-made of select durable woods, in a wide variety of colors, trims, and shapes—to match and enhance any style of architecture. Beautiful, permanent Zephyr awnings add to the charm and comfort of any home, at moderate cost.

AWNING COMPANY
1908 E. Railroad Street

PHONES 1098 - 1598
P. O. BOX 359 GULFPORT, MISS.

A falling tree uprooting raised the home occupied by Mr. and Mrs. Richard Anthony and fell across the home of Mr. and Mrs. August Taconi on St. John street, causing much damage.

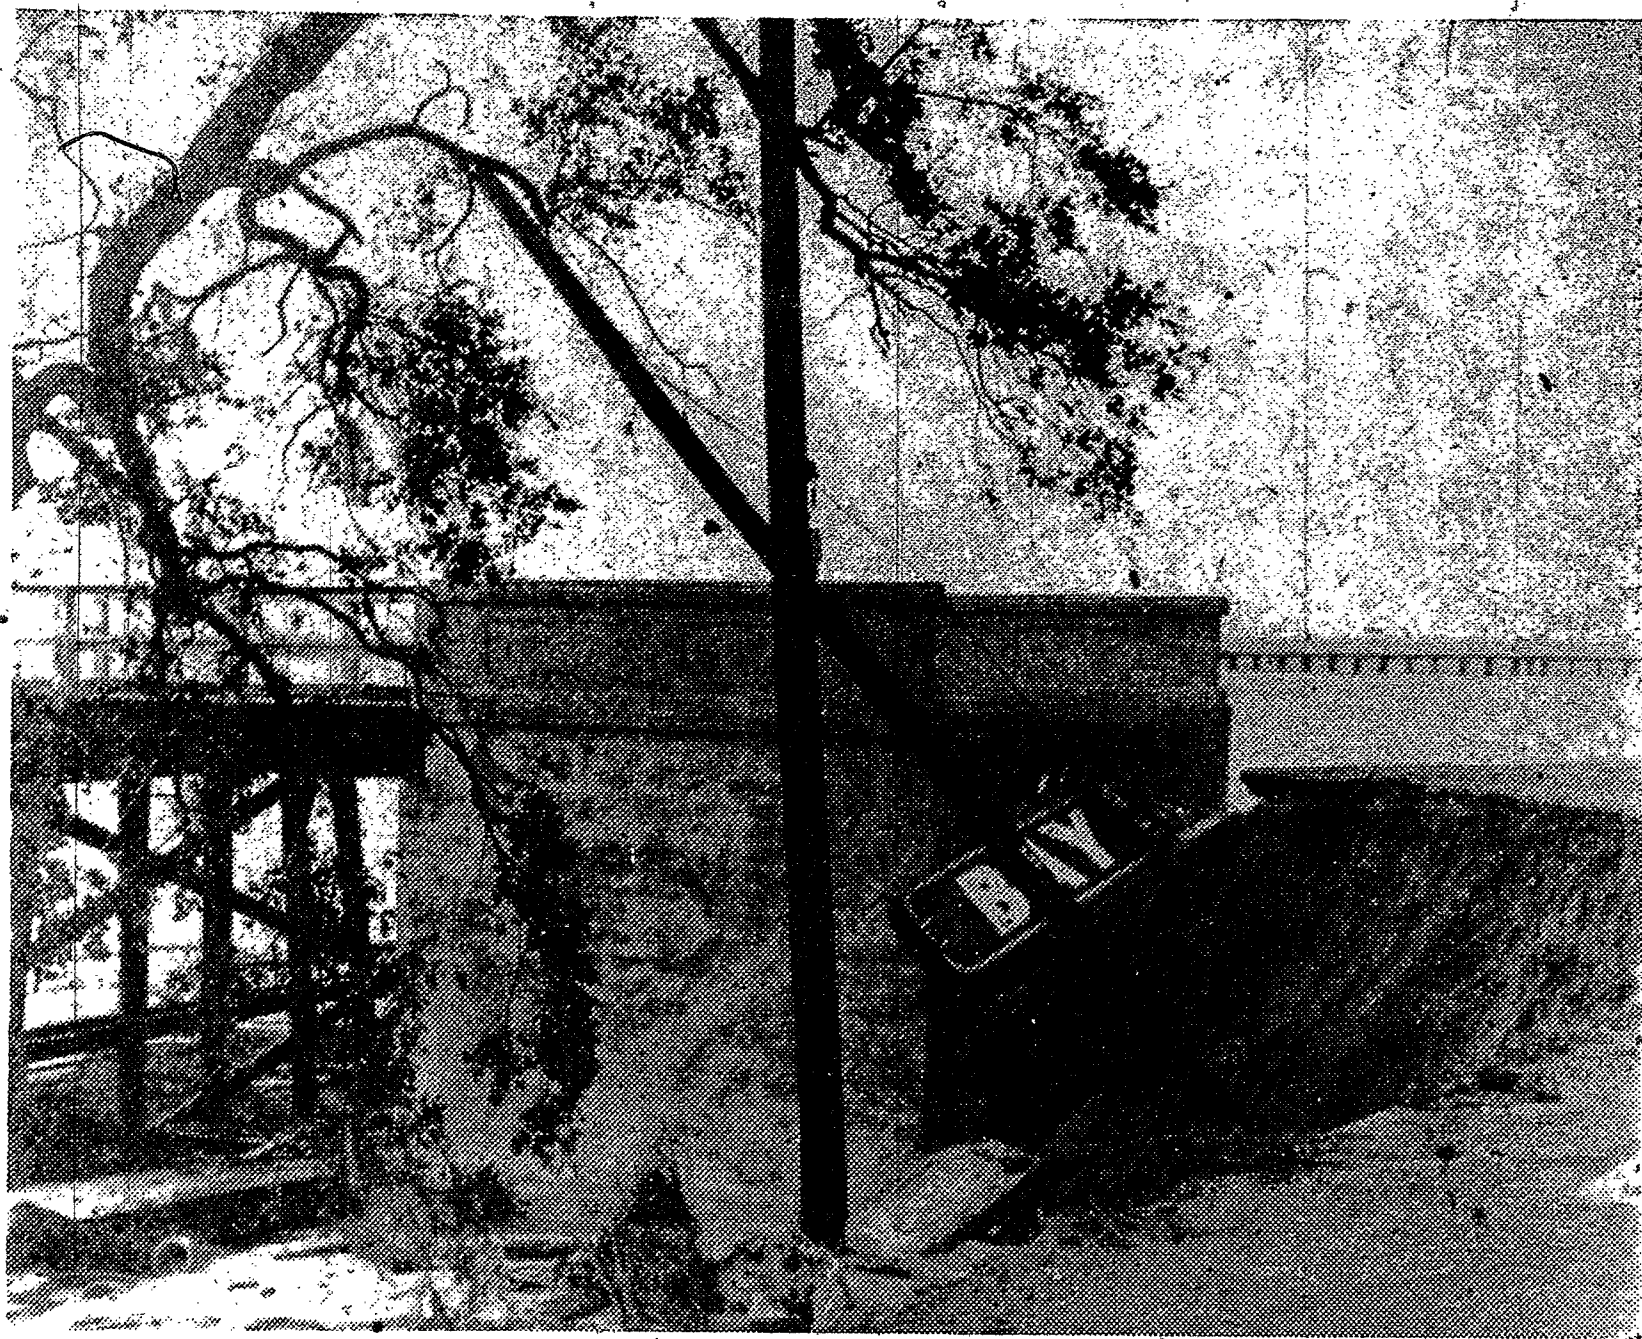

On Waveund Beach showing the destroyed homes of Capt. J. A. Torgeson and Edmund Gipson. Only the garage apartments remain on these properties.

Practically destroyed was the home of Col. and Mrs. Gillis at Oak and the Beach in Waveland. They had recently purchased this home from Mr. and Mrs. J. R. Rollins.

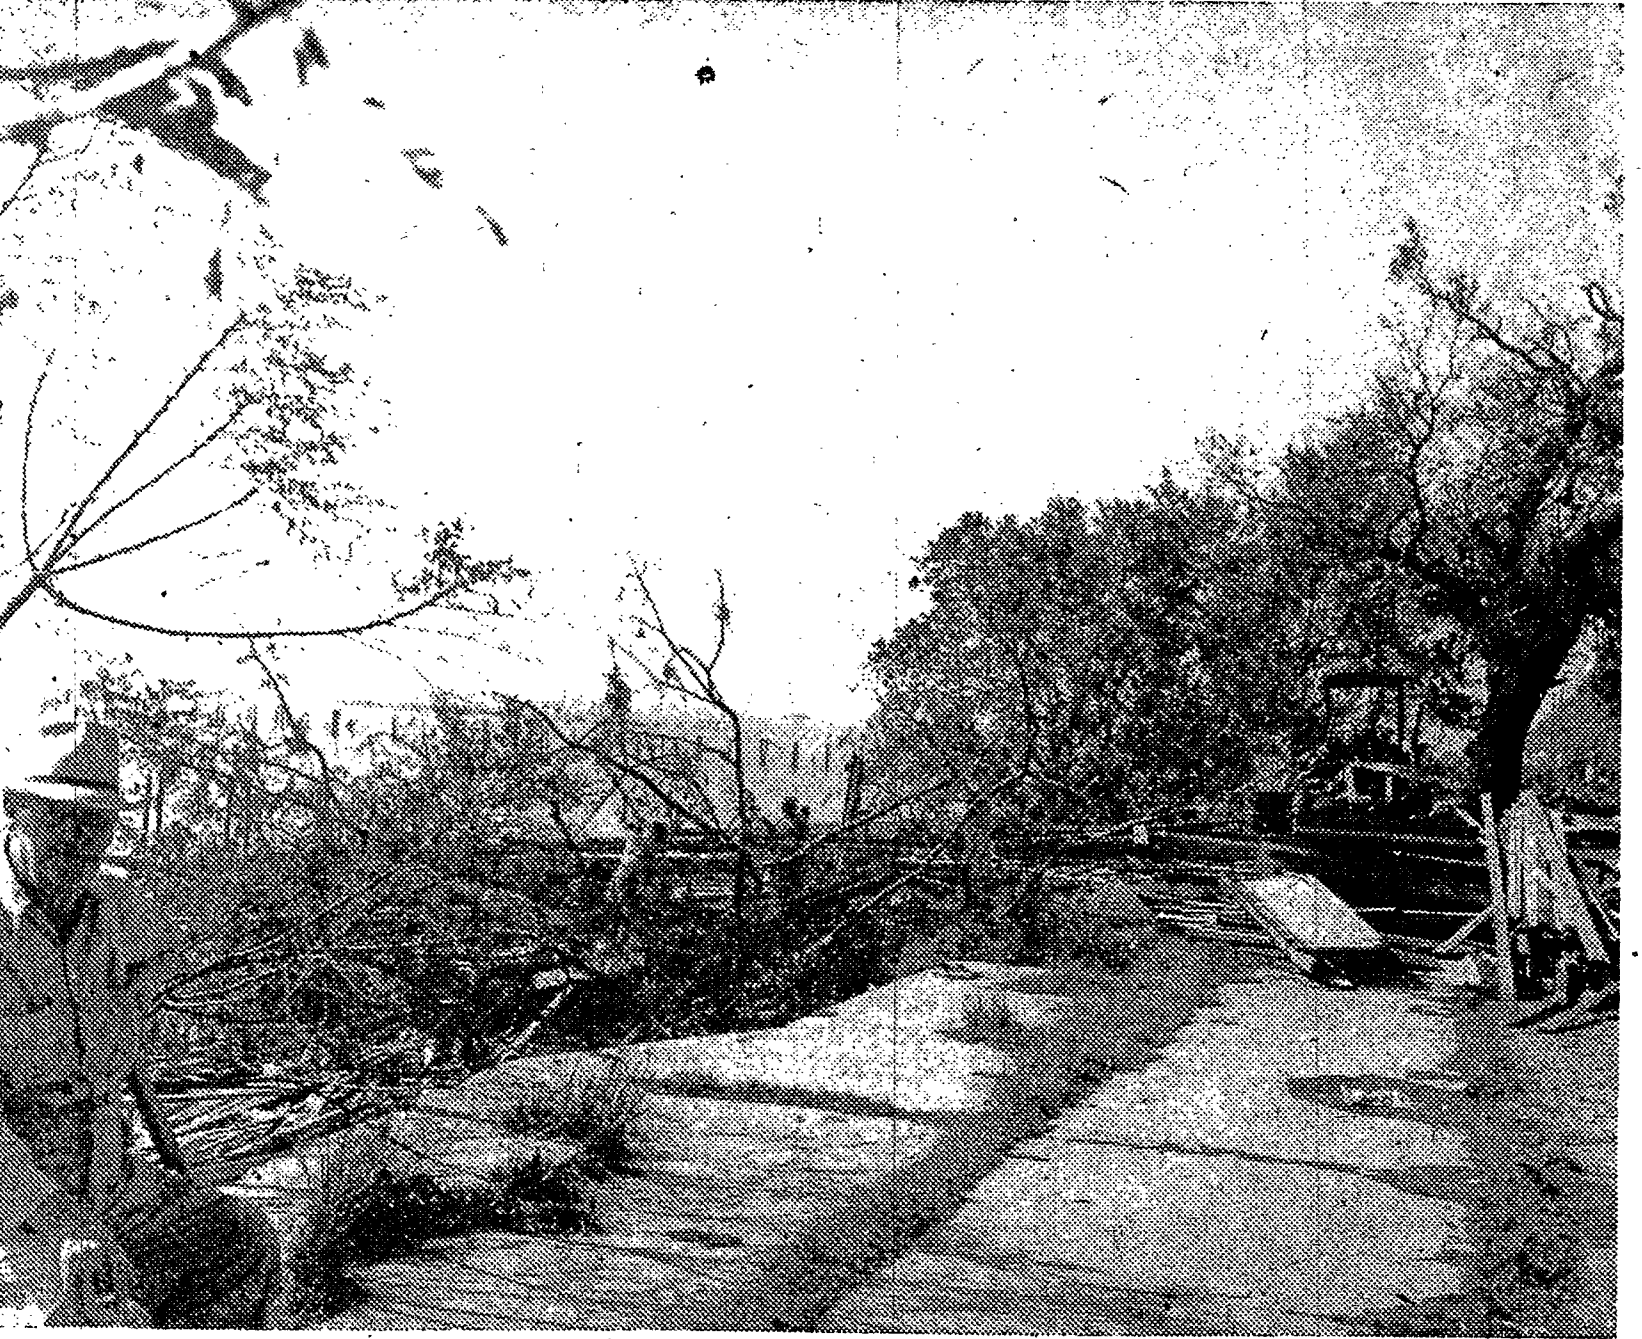

A view taken from the Railroad Bridge of the damage inflicted on the business houses on the beach side of Front Street in Bay St. Louis.

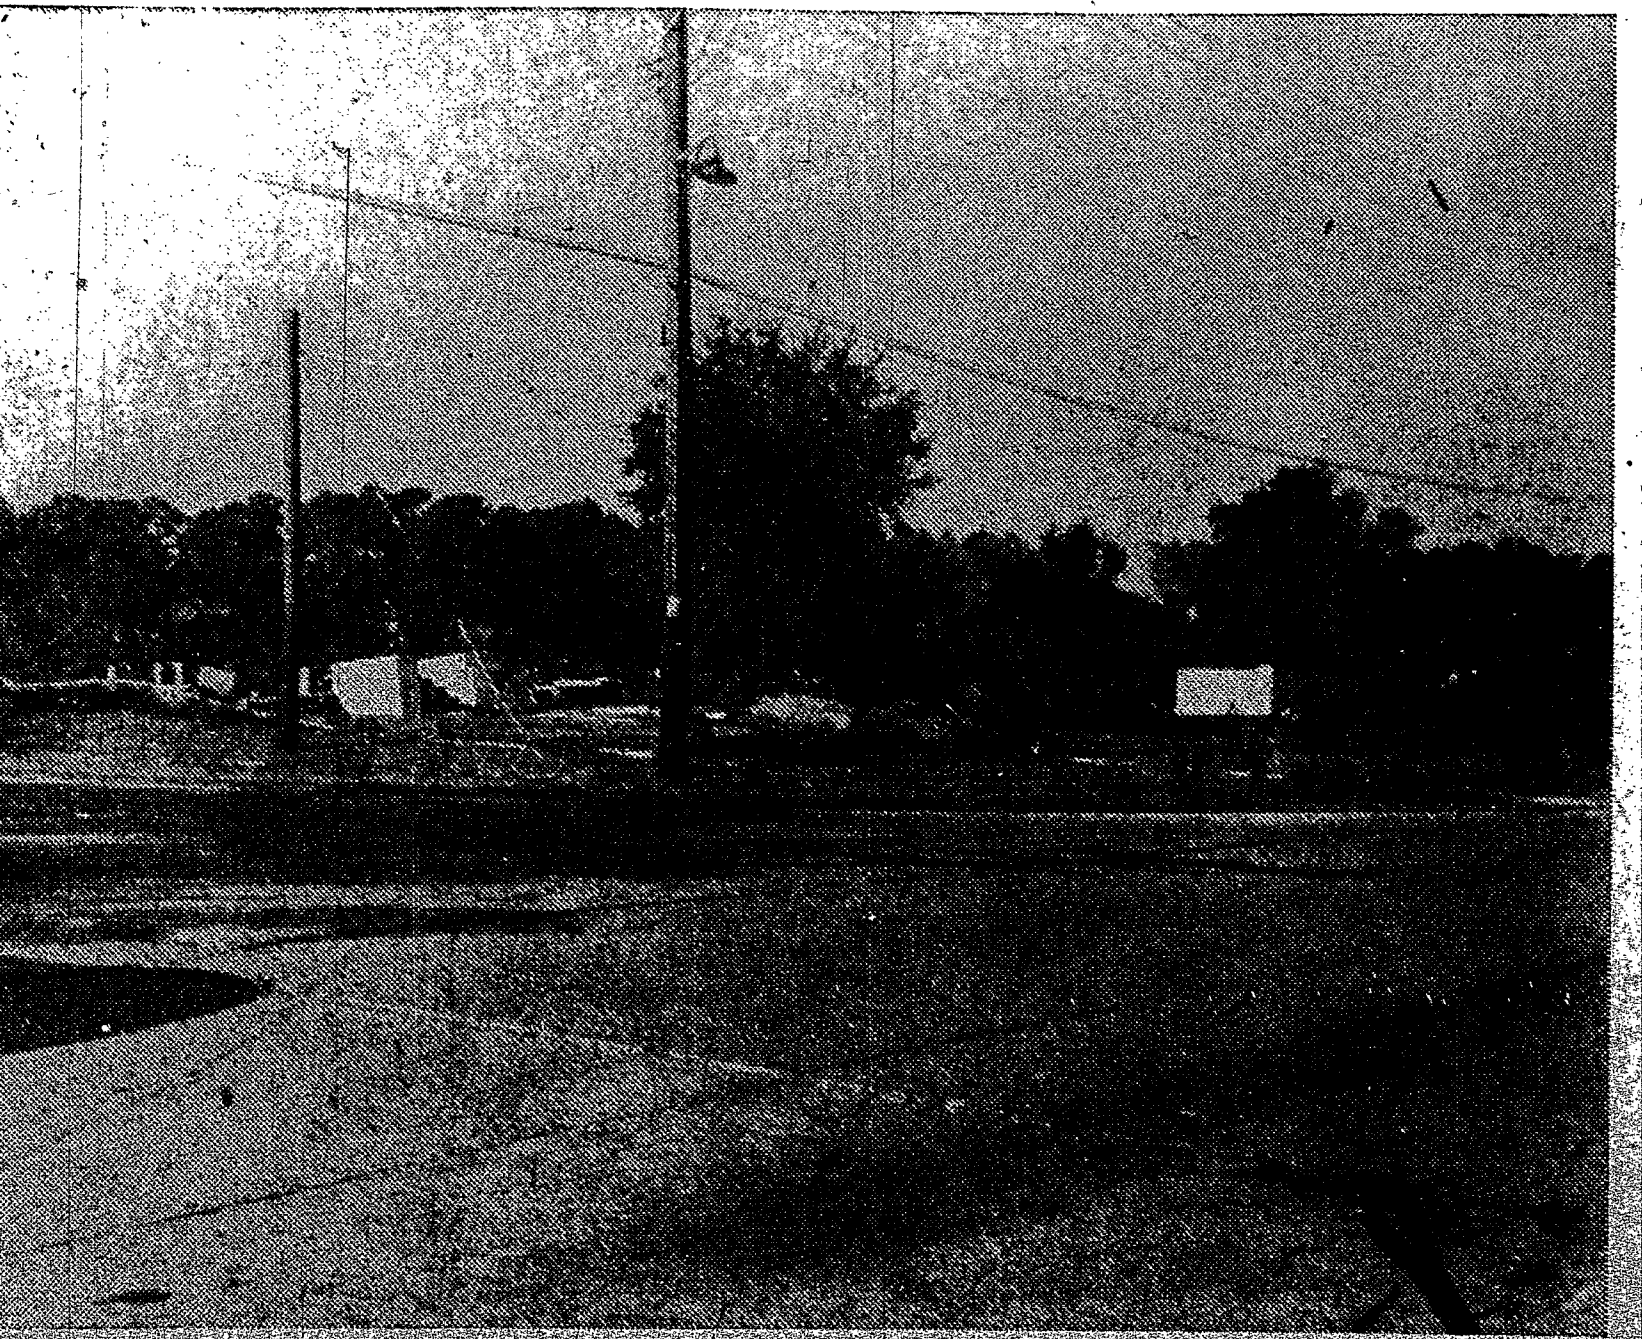

The foot of the Bay St. Louis Highway Bridge, showing part of the Neon Sign that stretched across the bridge at the entrance of the Highway into Bay St. Louis.

Some of the old land marks of the Waveland Beach front were destroyed when the Rand home formerly the old Coleman place and others adjoining it were destroyed. This scene shows the remains of these places between St. Joseph and Coleman Avenue.

On the Beach Front in Bay St. Louis in front of the Arceneaux Home, where the Lee Garage was destroyed.

Coleman Avenue and the Beach at Waveland. In the foreground is what remain of the homes of Mr. R. Guercio and Mr. H. P. Vinet.

NOTICE

Whereas, the Board of Trustees of the Municipal Separate School District of the City of Bay St. Louis has presented to the Board of Mayor and Commissioners of the City of Bay St. Louis a petition requesting the governing authorities of said City to issue bonds of the City in the amount of FIFTEEN THOUSAND (\$15,000.00) DOLLARS for the purpose of supplementing funds now on hand to construct a public school building in said City for the use of the colored school children of said City; said petition being in the following words and figures to-wit:

"Sept. 13, 1947
To the Honorable Mayor and Commissioners

"Whereas it is necessary for the City of Bay St. Louis to build a new school building for the colored children of Bay St. Louis to replace the one destroyed by fire, and

"Whereas this school has on hand approximately twenty thousand dollars for such a building, and the State Board of Education will advance an additional sixteen thousand dollars on an eight class room building provided a contract is let and construction begun by November 15, 1947, and

"Whereas, after widely advertising for bids on three separate occasions, the lowest bid was for approximately fifty thousand dollars and this Board cannot proceed further without the assurance of fifteen thousand dollars from the City of Bay St. Louis.

"Be it therefore resolved that we, the Board of Trustees of the Municipal Separate School District of the City of Bay St. Louis in special meeting respectfully petition the Mayor and Commissioners of said City to take such steps as are necessary to issue Bonds in the amount of fifteen thousand dollars for the above mentioned purpose. The above resolution was approved by unanimous vote of the board composed of Dr. J. A. Evans, Sam Whitfield, J. B. Burrows, Wayne Alliston and Mrs. C. C. McDonald.

Dr. J. A. Evans, Pres.
Mrs. C. C. McDonald, Sec.
s/ Mrs. C. C. McDonald

Whereas, it is the desire of this Board to comply with the request hereinabove set out; and

Whereas, the said City of Bay St. Louis is a municipality of less than 15,000 inhabitants; and

Whereas, it is the desire and intention of said City to issue bonds in the amount of FIFTEEN THOUSAND (\$15,000.00) DOLLARS, or so much thereof as may be necessary and legal, with an interest rate of not more than six percentum (6%) per annum, for the purpose of supplementing funds now on hand for the construction of a public school building for the use of the colored school children of said City, and

and purchasing the necessary equipment for same; and

Whereas, it is the desire of this Board to issue bonds in said amount, as provided by Section 3605 of the Mississippi Code of 1942, said statute being the statute authorizing issuance of bonds without election, provided twenty percent (20%) of the qualified electors of the municipality do not file written protest against the issuance of said bonds, after having been given three weeks' notice by publication of the intention of the Board to issue said bonds; and

Whereas, it is the desire of this Board that notice be published in the Sea Coast Echo, a weekly newspaper, having a general circulation in the City of Bay St. Louis and having had such general circulation for a period of more than one year, as provided by law;

Now, Therefore, Be It Hereby Resolved and Ordered that notice of intention to issue said bonds shall be published in the Sea Coast Echo, said notice to be as follows, to-wit:

NOTICE OF INTENTION TO ISSUE BONDS

Whereas, the City of Bay St. Louis is a municipality of less than 15,000 inhabitants; and

Whereas, said City intends to issue FIFTEEN THOUSAND (\$15,000.00) DOLLARS of bonds, or so much thereof as may be necessary and legal;

Notice is hereby given of the Board's intention to issue said bonds on or after the 20th day of October, 1947; and if twenty percent (20%) of the qualified electors of the municipality shall file no written protest against the issuance of said bonds on or before said date, then the said Board shall issue the said bonds without an election. The purpose of said issuance of bonds being for the purpose of supplementing funds in the amount of FIFTEEN THOUSAND (\$15,000.00) DOLLARS, or so much thereof as may be necessary and legal with interest at the rate of not more than six percentum (6%) per annum, for the purpose of supplementing funds now on hand for the construction and equipping of a public school building for the colored school children of the City of Bay St. Louis.

Dated this 16th day of September, A. D. 1947.

BOARD OF MAYOR AND COMMISSIONERS, CITY OF BAY ST. LOUIS, MISS.

(Signed) By: H. GRADY PERKINS,
City Secretary.

The above and foregoing resolution having been first reduced to writing was read and considered section by section, and then as a whole, and upon motion of H. Grady Perkins, Commissioner of Public Utilities duly seconded by W. L. Bourgeois, Commissioner of Finance, was finally passed and adopted, section by section, and then as a whole by the following vote, to-wit:

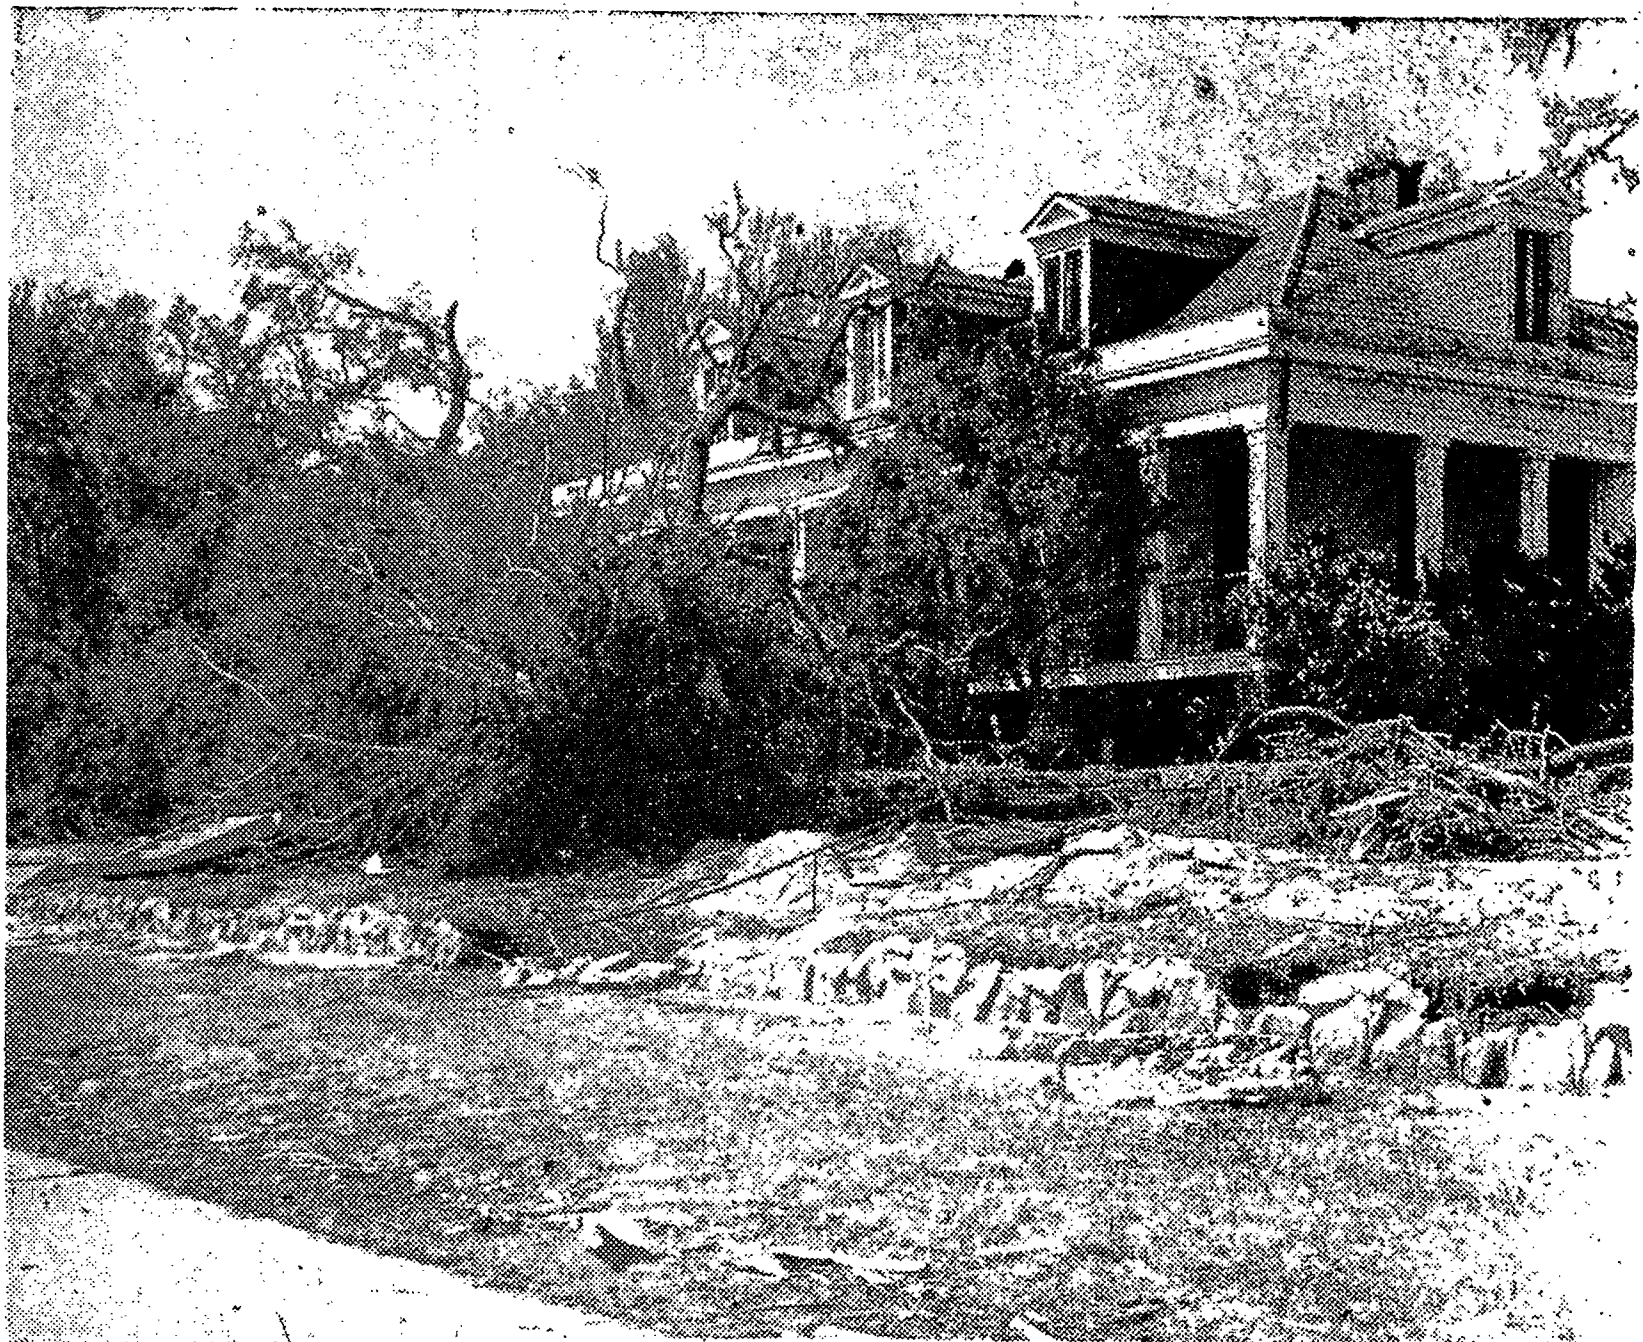

Those voting yes: C. Y. Blatze, Mayor; W. L. Bourgeois, Commissioner of Finance, and H. Grady Perkins, Commissioner of Public Utilities.

Those voting nay: None.

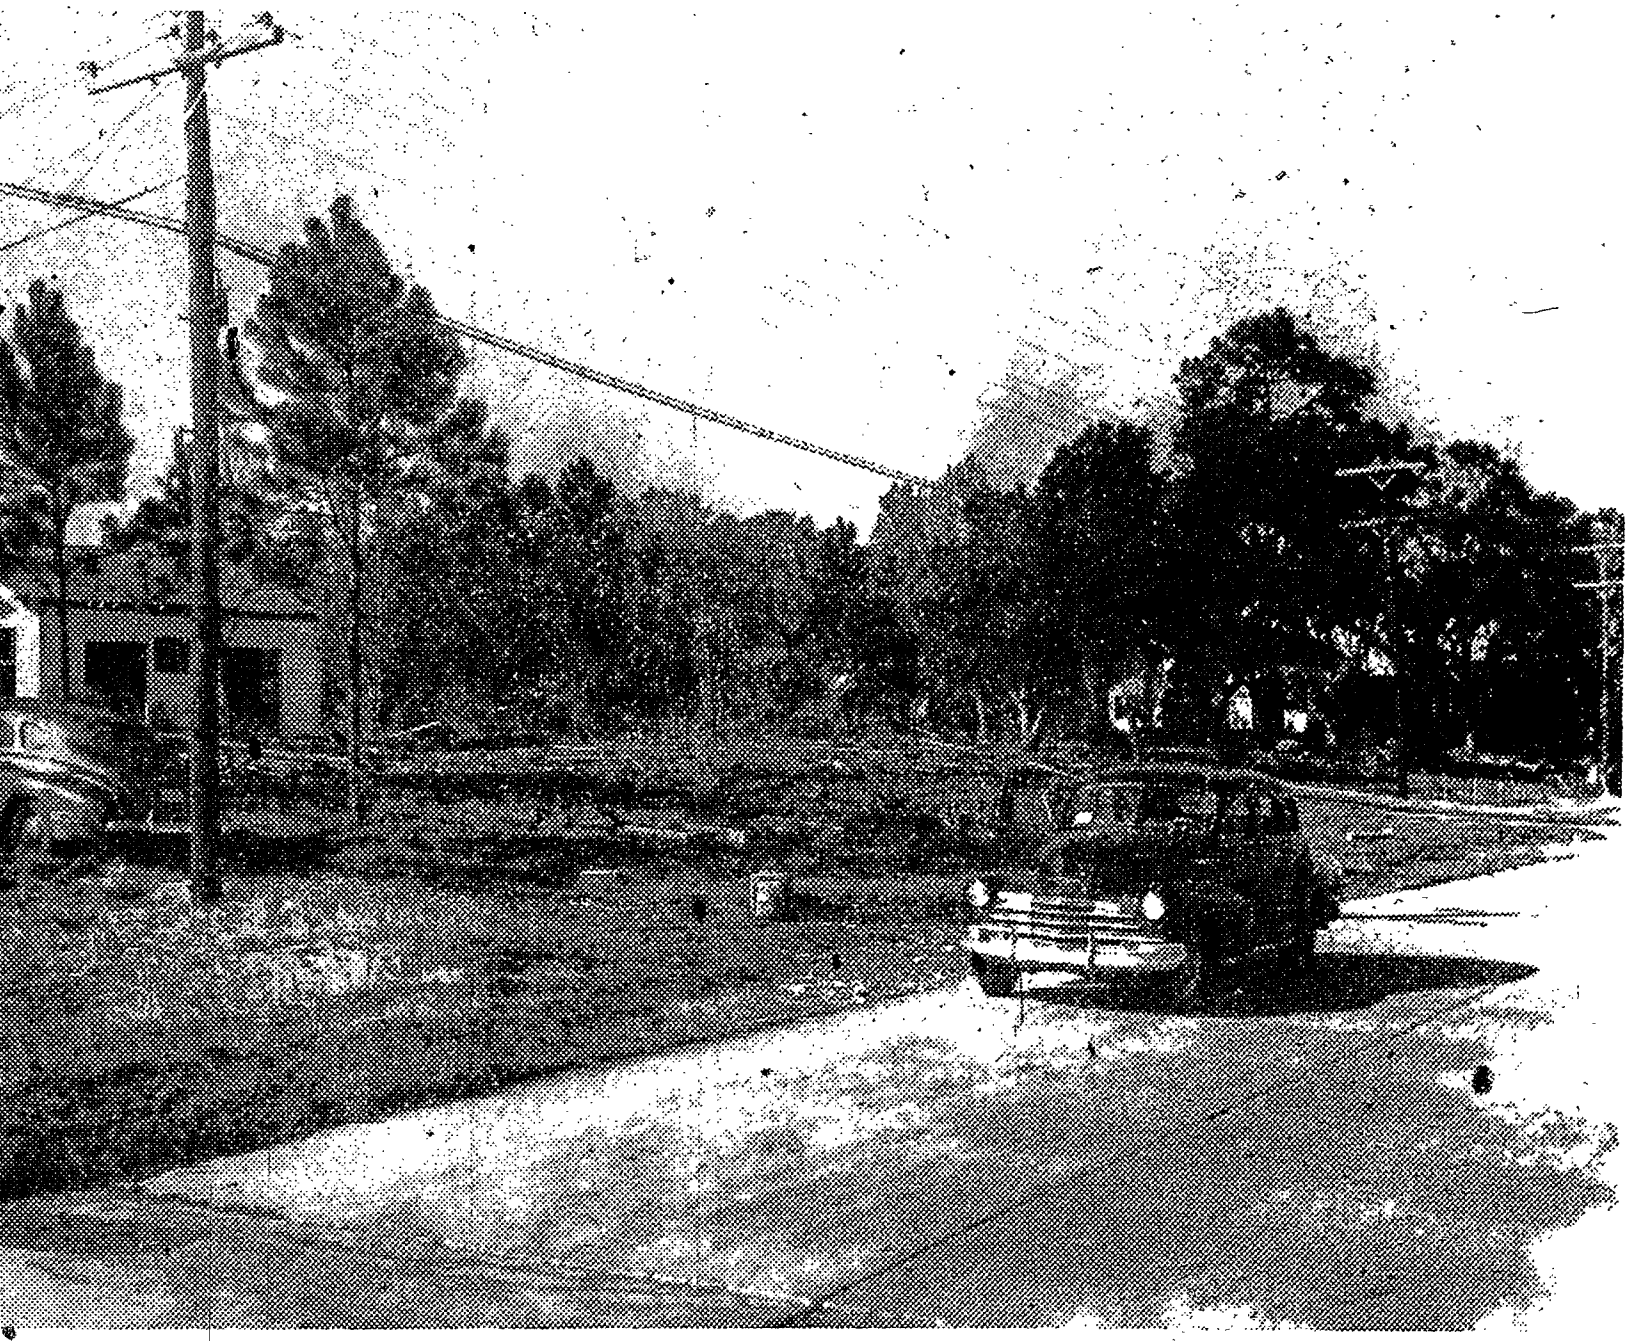

Hundreds of Echo readers are still seeking hard-to-get articles. A buyer for that spare bed, discarded lawn mower, or what-have-you will see your message in the Echo's classified column. Only 10¢ per line; 30¢ minimum.—Advt.

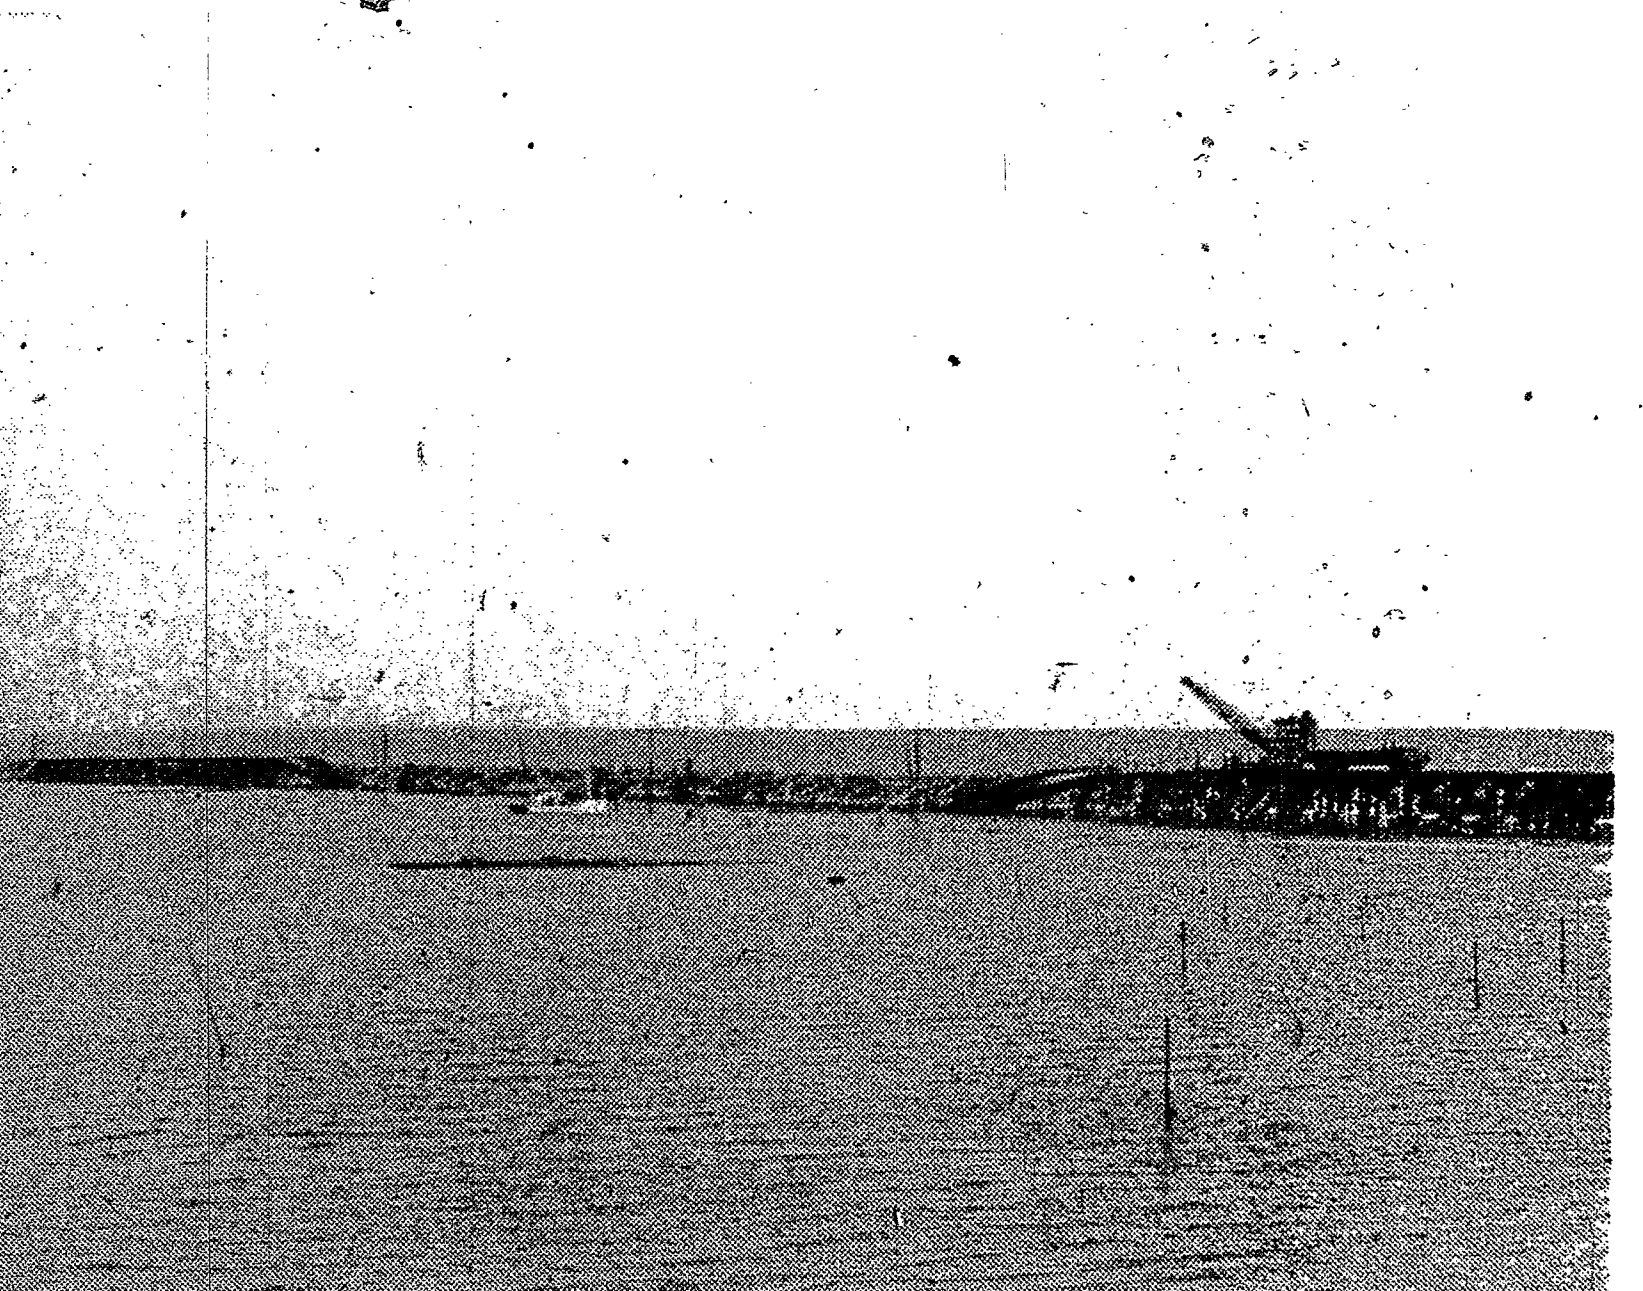

The building in front of the Echo Office occupied by Mr. and Mrs. George Borgstede, operating a beauty parlor and restaurant and owned by Mrs. Charles G. Moreau, and the Jackson Drug Store, operated by Mr. Laurent Dickson, and the building owned by the Bay Theatre Corp, were completely destroyed.

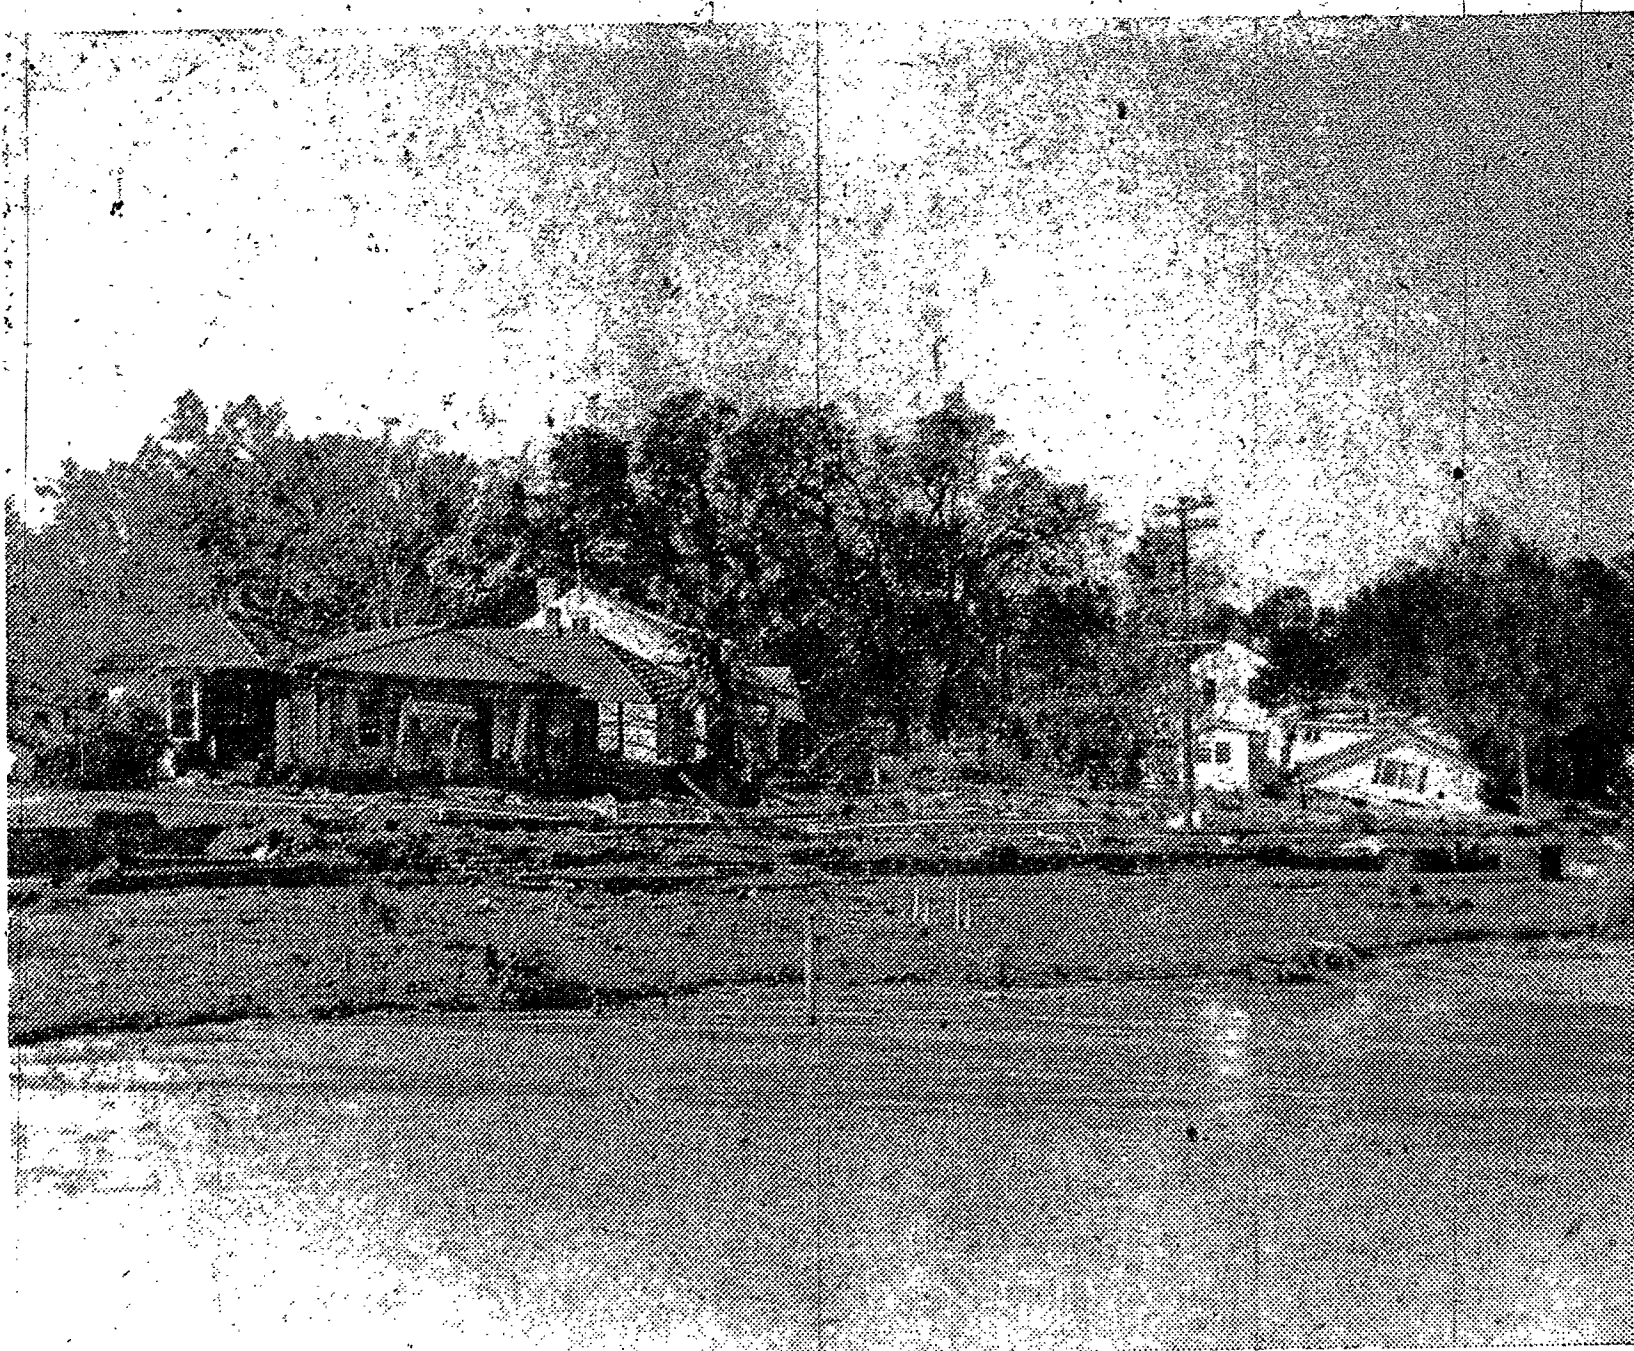

The Old Pirate House, Waveland Beach, battered and shaken withstood the storm of September 19, 1947, as it stood every hurricane within the knowledge of the people of the Coast

On the Beach Front at Waveland, where the homes of C. C. Brown, the Wyners and others were destroyed. The home to the extreme right is that of Ed. Carrere.

A view of the Louisville & Nashville Railroad Bridge taken from the beach showing crane at work.

A view at St. Charles and the Beach in Bay St. Louis, showing the homes of J. J. Caron and Ed. P. Ortte which were destroyed. In the foreground is much of the timbers of the Louisville and Nashville Railroad.

On Burnett Street the destroyed homes of W. H. Benham and Mrs. Sophie Wolfe. In this section 7 homes were destroyed.

The ETTRO, owned by Supervisor Ed P. Ortte, was anchored in Bayou LaCroix the day before, broke loose from its moorings and was washed up on the Kiln Road.

Taken about noon on Friday, during the storm, after the tide had begun to fall.

Sustains Broken Collar Bone In Auto Wreck

Vincent Mannino of Gulfport is a patient in the Kings Daughters Hospital here suffering from a broken collar bone sustained when the car in which he was riding on the Poplarville-Kiln Highway blew out a tire and overturned. It was said that Mr. Mannino was taking two of his children and a neighbor's child to New Orleans to enter school and an older son was driving when the accident happened. Mr. Mannino is not seriously hurt but is in the hospital because he cannot get to his home, Gulfshore Manor.

Historian With a Hammer

A recent New Orleans publication carried the story and picture of A. J. Thomas of this city at work in his own shop on the making of handicraft ornaments out of silver, copper, brass and aluminum, the designs of which are based on historic symbols. The story terms A. J. as a "Historian With a Hammer" and says that all of his work is historically correct. Though only 22 years of age he is classed as an authority on pre-historic relics and a leading amateur archaeologist.

Mr. Thomas is the son of Mrs. Catherine Thomas Wilson of this city who is quite an artist and musician herself.

From where I sit... by Joe Marsh

"DO RIGHT!"

You know, folks, the brewing industry's "self-regulation" program is neither involved nor complicated. It's a down-to-earth program that means "Do Right!"

This simple statement sums up the work of my friend, W. W. Pierce, Director of the Mississippi Committee, U. S. Brewers Foundation, and his vigilant staff of field investigators. It means that retail outlets must observe the law and respect public decency or get out of business.

For eight years this committee has cooperated with citizens' groups, officials, law enforcement officers and the general public in seeing to it that beer, the beverage of moderation, is sold in wholesome surroundings and in full accordance with the law.

From where I sit, it looks like the brewing industry is performing a real public service with its down-to-earth "self-regulation" program that means "Do Right!"

Joe Marsh

The people of Biloxi extend their deepest sympathy to you in your losses suffered during the recent hurricane. The way you folks rose to the emergency and handled such a heavy burden which was so suddenly thrust upon you, will always be worthy of an important page in the history of the Mississippi Gulf Coast.

Hancock County, and particularly its beach areas, will again recapture its full glory, due to the courageous efforts of your people.

We wish you Godspeed in rebuilding all that the hurricane damaged. We of Biloxi and Harrison County fully realize the task that lies immediately ahead in rebuilding a more beautiful and substantial Mississippi Gulf Coast.

SEA COAST ECHO, FRIDAY, OCTOBER 3, 1947

—Mr. and Mrs. Emile Piazza and Sam Scaffid are now visiting Mrs. Piazza's parents in Ohio.

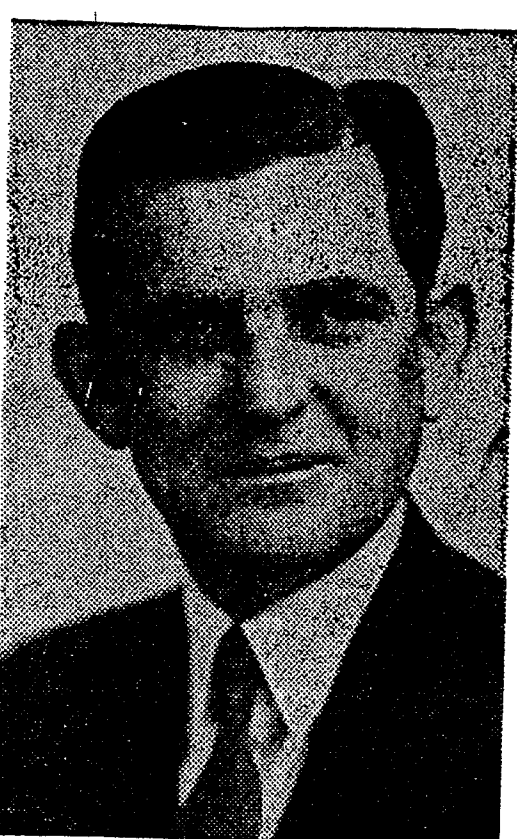

—Mrs. Mary Hatcher and Miss Ethel Bilbo have opened the Beach Beauty Shop in the rear of the Piazza Building next to the Beach Drug Store.

—Mrs. Albert Biehl, Jr. and two children, Helen Margaret and Owen, left from New Orleans for Jackson, Tennessee to visit Mrs. Biehl's parents.

—Miss Lottie Cuneo is on the sick list this week. Miss Cuneo did such splendid volunteer work during the trying times of the coast disaster that this doubtless is a reaction.

—Leaving New Orleans for California by automobile the day before the hurricane were Fred Ansley, who had been visiting here and Geo. H. Edwards, Sr. who went as Mr. Ansley's guest. Somewhere in Texas as the news of the oncoming disaster was received and Mr. Edwards attempted to return home but found that he could not get back so he continued not knowing how very fierce the storm. Mr. Edwards left California this week for home.

Special Contribution To Be Taken at Methodist Church

A special contribution will be taken at the Main Street Methodist Church on Sunday, October 5th for the relief of the local Methodist hurricane sufferers and for two Methodist ministers abroad.

—Joan Koch, young daughter of Mr. and Mrs. Richard Koch, Jr., underwent an appendix operation last week at a New Orleans hospital but she has almost fully recovered from the operation.

—Mrs. Earl Ramond was called to Pass Christian on Wednesday of last week because of the illness of her mother, Mrs. W. B. Lundy. Mrs. Lundy underwent a major operation at the Naval Hospital, Gulfport, and latest reports are to the effect that she is doing nicely and stood the operation remarkably well.

—Mrs. S. A. Bordelon and daughters Mrs. Ralph Ford and Mrs. Edwin David were here this week to see Mrs. Bordelon's sisters and brother Mrs. G. Y. Blaize, Miss Carmelite Spotorno and Louis N. Spotorno. Mrs. Blaize's sons Louis and J. G. Y. drove here from Dallas, Texas. They left Dallas on Saturday night and drove all night and reached Bay St. Louis early Sunday morning.

CARD OF APPRECIATION

We wish to express our gratitude to all who helped us so generously during the hurricane. We feel that we shall never be able to repay all of your kindness.

THE BURLIEGHS and CAREYS
Clermont Harbor.
